A Message from from Our Customers

“Our roots are here in Irving, Texas. We became a global energy company in this community, and we anticipate being here for generations to come.”

Irving is a great community to do business with – and to do business in. The city is action-oriented and prides itself on being bold and innovative. Our business community includes a who’s who of corporations that are proud of the city they call home.

“[Irving] is just such a great place for travel, for the resources in the community, the talent you can draw on. We have a hub location strategy as a company ... we have big campuses in Richmond, in Atlanta, in Ohio, in Phoenix, so we had choices. But Irving was the best choice for a global headquarters in our mind.

CEO, McKesson Corporation

MCKESSON

“Irving, the Chamber and the Economic Development Partnership have been very supportive. They took a leap of faith on us nine years ago and they’re working with us again to stay in the area. When we see that and the quality of life that this area can provide, it makes us believe that we’ve made the right decision.”
